## *The Peregrine Fund*

### **DUPLICATE JOURNALS AND MAGAZINES**

**Terms:** We prefer to exchange these items on a 1:1 basis for publications that we lack, but we also sell major titles (AUK, IBIS, CONDOR, ECOLOGY, etc.) at \$3/number and lesser items at \$1/number. Longer runs of major journals are priced separately with a slight premium. For exchanges, we cover the postage on our end, and you cover it on your end. Shipping charges for items sold are the actual postage costs. All items are returnable for any reason.

Please let me know if you need additional information on any of the titles.

We encourage you to consider donating unneeded books, journals, and magazines to The Peregrine Fund library, as we are now providing reference services to a growing group of conservation-oriented researchers, including many in other states and countries. All donations are tax deductible, and we can provide you with the names of qualified independent appraisers who will prepare the appropriate documentation of such gifts for the IRS.

Thanks!
